General Tests		
INITIALIZATION		
PASS	Fetch and cache available plans	1.2s
PASS	Create users for each available plan	4.1s
PASS	Create services by assigning users to plans	3.8s
PASS	Fetch and cache available integrations	1.4s
CREATE WORDPRESS		
PASS	Create instance for service #1093 (cPanelGo! Starter)	32.1s
PASS	Create instance for service #1094 (DirectGo! Starter)	48.1s
PASS	Create instance for service #1095 (CloudGo! Starter)	42.3s
PASS	Create instance for service #1096 (PleskGo! Starter)	56.1s
PASS	Create instance for service #1097 (EngineGo! Starter)	58.2s
PASS	Create instance for service #1098 (CloudGo! Domain)	33.7s
IMPORT WORDPRESS		
PASS	Import WordPress instance on cpanel server	0.3s
MY ACCOUNT		
PASS	User updates account personal information	8.8s
PASS	User changes email address successfully	3.5s
PASS	User receives error for incorrect password during email change	9.1s
PASS	User changes password successfully	4.1s
PASS	User receives error for incorrect password during password change	10.0s
PASS	User receives error for mismatched passwords	3.1s
PASS	User views active devices table	2.3s
CLEANUP		
PASS	Perform system cleanup by removing all test resources	0.6s

Instance #631 wilkinsonmcclure.dev-cpanel.com.pl [#1093 cPanelGo! Starter]

MY INSTANCES

PASS	User views preview link and opens preview modal	0.1s
PASS	User accesses site details tab with proper privileges	0.1s
PASS	User accesses Monitoring tab and views status information	0.2s
PASS	User can create a backup and perform operations on it (delete, restore and download)	0.1s
PASS	User views complete list of installed plugins	0.2s
PASS	User views Instance Details section	0.2s

MY HOSTING

PASS	User accesses Summary section in sidebar	0.1s
PASS	User accesses Domains section based on privileges	0.1s
PASS	User accesses FTP or SSH/SFTP section based on privileges	0.1s
PASS	User accesses MySQL Databases section based on privileges	0.1s
PASS	User accesses Cron Jobs section based on hosting type	0.2s
PASS	User accesses File Manager section based on privileges	0.1s
PASS	User accesses DNS Zone Editor section based on privileges and DNS zone status	0.1s
PASS	User accesses Email Accounts section based on privileges	0.1s
PASS	User accesses Email Forwarders section based on privileges	0.1s

Instance #632 aching-polarisation.da.mg-test2.com [#1094 DirectGo! Starter]

MY INSTANCES

PASS	User views preview link and opens preview modal	10.7s
PASS	User accesses share dialog based on privileges	7.9s
PASS	User accesses WP Admin based on privileges	8.7s
PASS	User accesses Staging based on privileges	8.3s
PASS	User copies instance based on privileges	8.6s
PASS	User updates WordPress based on privileges	9.9s
PASS	User clears cache based on privileges	8.5s
PASS	User deletes instance based on privileges	8.5s
PASS	User accesses site details tab with proper privileges	11.0s
PASS	User accesses Monitoring tab and views status information	10.9s
PASS	User can create a backup and perform operations on it (delete, restore and download)	62.3s
PASS	User views complete list of installed plugins	10.3s
PASS	User activates and deactivates plugins	37.1s
PASS	User installs and activates WordPress plugins	21.3s
PASS	User views Instance Details section	11.3s
PASS	User accesses Cloudflare section based on privileges	3.9s
PASS	User accesses Edge Cache section based on privileges and hosting type	3.8s
PASS	User accesses Security section	4.4s
PASS	User accesses Auto Updates section based on privileges	4.5s
PASS	User toggles auto-update switches	21.8s
PASS	User accesses Developer Settings section based on privileges	4.6s
PASS	User toggles Debug Mode functionality	10.8s
PASS	User toggles Maintenance Mode functionality	10.9s
PASS	User changes PHP Version	39.3s
PASS	User accesses System Configuration section based on privileges	4.5s
PASS	User accesses Users section based on privileges	4.7s
PASS	User verifies Users functionality	6.5s
PASS	User accesses Installed Themes section based on privileges	4.5s

PASS	User accesses Instance Logs section based on privileges	34.3s
PASS	User accesses Copy Instance section based on privileges	5.2s
PASS	User use "Copy Instance" functionality	4.6s
MY HOSTING		
PASS	User accesses Summary section in sidebar	9.0s
PASS	User accesses Domains section based on privileges	7.4s
PASS	User accesses FTP or SSH/SFTP section based on privileges	37.7s
PASS	User accesses MySQL Databases section based on privileges	8.3s
PASS	User accesses Cron Jobs section based on hosting type	7.3s
PASS	User accesses File Manager section based on privileges	7.8s
PASS	User accesses DNS Zone Editor section based on privileges and DNS zone status	37.2s
PASS	User accesses Email Accounts section based on privileges	8.0s
PASS	User accesses Email Forwarders section based on privileges	7.1s

Instance #633 delirious-legging.wpsites.com.pl [#1095 CloudGo! Starter]
